Select the page Published Ruslan Savchenko | Sep 15 2016 | SEO website promotion Video of the Best article | 28 | Video course Secrets of practical SEO Would like to bring to your attention new video called Secrets of practical SEO version of 2017. This set of training materials presented in a unique format which has no analogues today. The main inspirer and producer of the video the Secrets of practical SEO became known infobiznesmen and author of numerous training courses Evgeny Popov. I have several years of work in the team of Eugene and promote their websites in search engines. Evgeny Popov description of projects and greeting A couple of years ago Eugene had a desire to promote a new website. But the task was not only to bring young and gift project in the first place Yandex and Google and record this whole process in a practical learning format live case or so-called reality show. So anyone could see all the steps which have led to successful final result and it only remained for him to repeat them on your website. Work on the video tutorials were conducted over the years and we are happy to present the result of our work to your attention. All holders of the Platinum version of the course will be able to count on my support and will get unique additional bonuses. For my part, I will try to keep the lessons of the video reflects the high level and quality which are the pride of all learning materials released under the brand name of Evgeny Popov. That is why the lessons of the course will be periodically updated and supplemented. Customers will receive free access to new and relevant content on the topic of promotion of sites in the modern world. Who created the video course Secrets of practical SEO I'll give a link to the official website which shows a new video course Secrets of practical SEO. Share Rate Welcome my name is Ruslan Savchenko.
